Get Started with Canvas

How do I log in to Canvas?

This lesson will show you how to log in to Canvas from an internet browser. If you are using Canvas with an institution, you will log in either from your institution's webpage or by using their direct Canvas URL. [Canvas Network](#) and [Free-for-Teacher](#) accounts also log in with a Canvas URL. You can also log in to Canvas on the Canvas Mobile apps; learn more about [Canvas URLs for mobile apps](#).

You must have an account to log in to Canvas:

- If you are associated with an institution using Canvas and do not know your username and password, please contact your site administrator.
- If you do not yet have an account, learn how to create a Canvas account as a [student](#) or [instructor](#)

Note: If you are having trouble signing into Canvas, please see the troubleshooting section at the end of this lesson.

Login Troubleshooting

If you are having trouble logging in to your account, here are some tips:

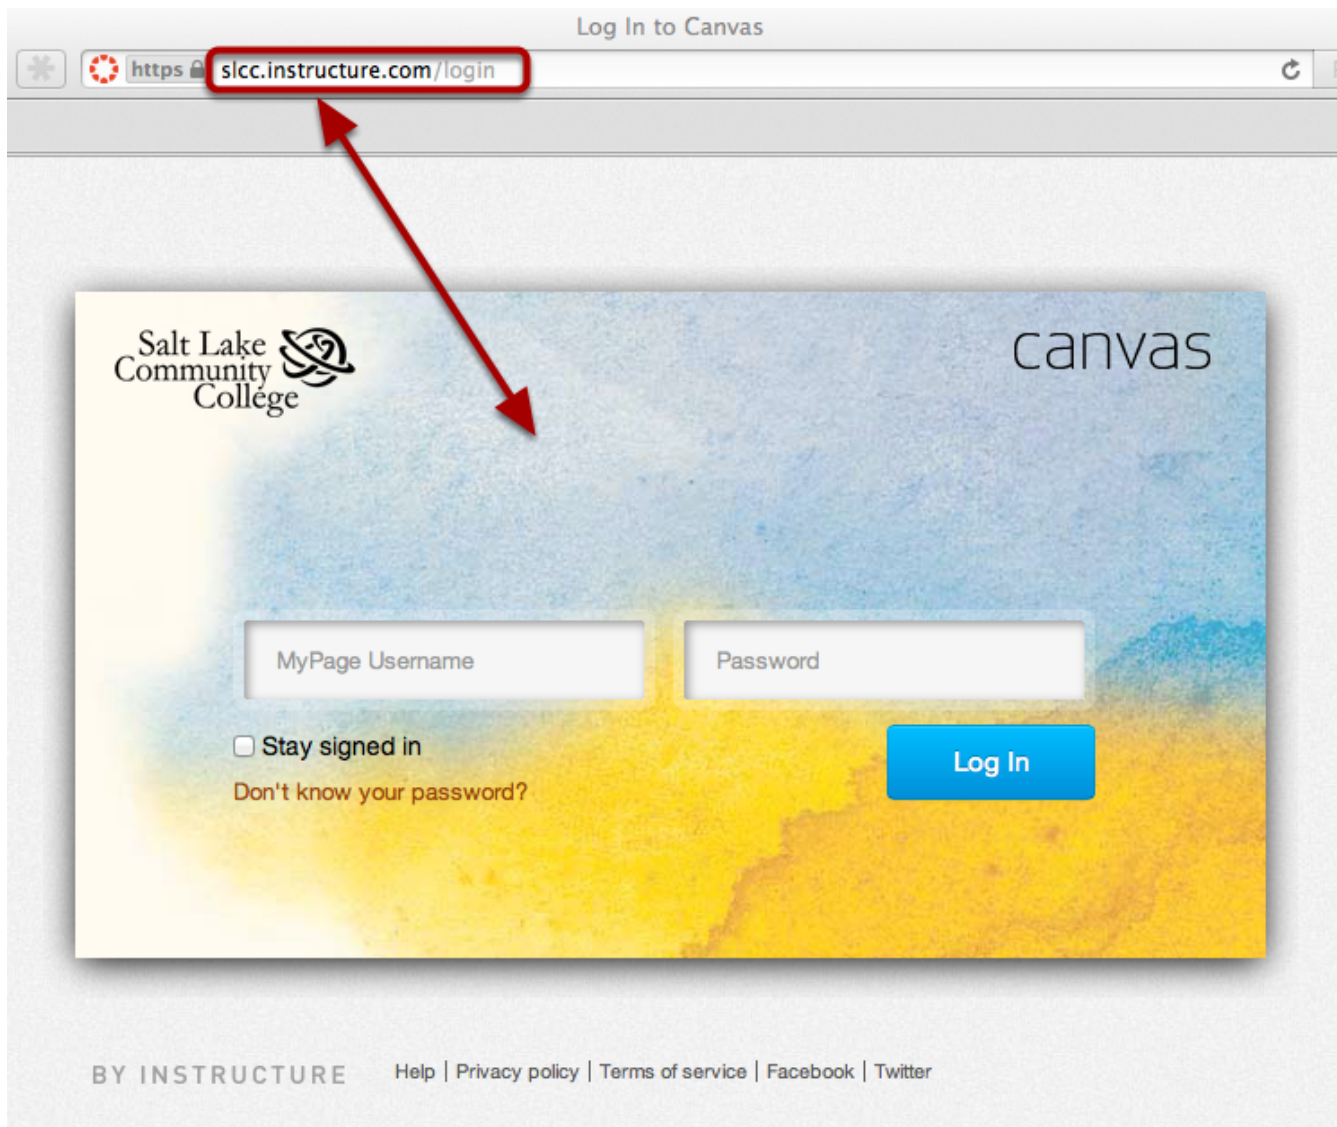

- Verify you are using the correct Canvas URL for your account.
- If you use more than one Canvas URL (such as one for your institution and one for Canvas Network), make sure you are using the correct login and password for each Canvas URL.
- If your login and password were given to you from your institution and you are having trouble logging in, please contact your institution. (Your institution may have changed your login credentials.)
- If you do not have a login and password, you may need to create an account.
- If you have forgotten your password, you may be able to [reset your password](#).

Access Canvas via Institution

Some institutions host Canvas within their website, so you may only need to sign into your institution's internal system to access Canvas.

Access Canvas via Canvas URL

Some institutions have you log in to Canvas using the direct link to their Canvas URL. In a browser window, enter your Canvas URL. Your Canvas login page will appear in the window.

Note: The URL for [Canvas Network](https://learn.canvas.net) is learn.canvas.net. The URL for [Free-For-Teachers \(FFT\)](https://canvas.instructure.com) is canvas.instructure.com.

View Course Invitation

You've been invited to participate in the course, **Canvas Instructor Orientation** , as a student.

Name: **Doug Roberts**

Email: doug.roberts.canvas@gmail.com

Get Started

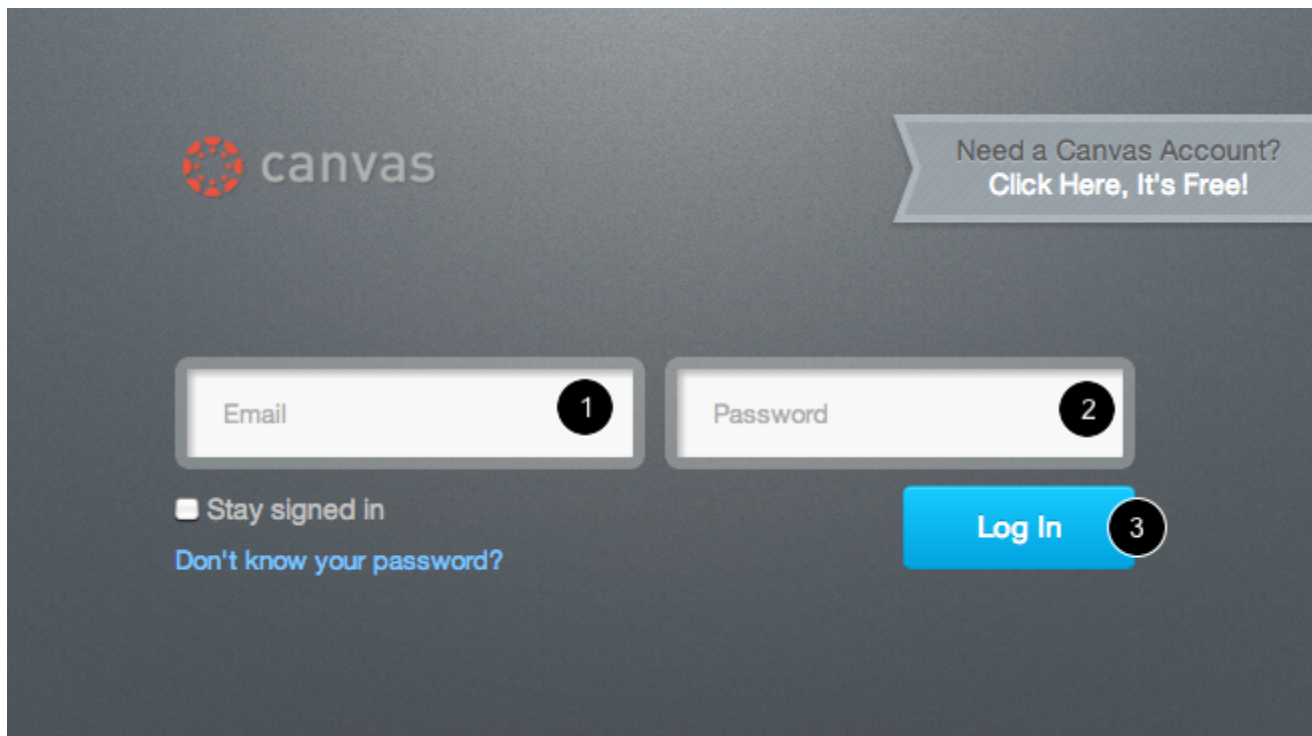

[Click here to view the course page](#)

| [Update your notification settings](#)

If you do not know your institution's Canvas URL, you can find a link to the page in your course invitation email by clicking the **Get Started** button.

Log in to Canvas

The Canvas login screen requires your login [1] and password [2]. Depending on your institution, login information may vary.

Click the **Log In** button [3].

Each screenshot is acknowledged by its respective university for use in this lesson.

What is the User Dashboard?

The User Dashboard is the first thing you will see when you log into Canvas. The User Dashboard helps you see what is happening in all your courses and allows you to figure out what to do next.

User Dashboard

The screenshot shows the Canvas User Dashboard interface. At the top, the navigation bar includes the Canvas logo, a notification badge (1), and links for Courses & Groups, Grades, and Calendar. The user's name (Emily Boone) and links for Inbox, Settings, Logout, and Help are also visible. The main content area is divided into three sections: Recent Activity (3), To Do (2), and Coming Up. The Recent Activity section shows 1 Announcement, 24 Assignment Notifications, and 3 Discussions. The To Do section lists tasks like 'Turn in Osmosis', 'Take Course Evaluation', and 'Turn in Biology History' with due dates. The Coming Up section shows 'Unit 1 Discussion' due tomorrow.

The User Dashboard consists of three main elements:

1. Global Navigation across the top of the page,
2. the Sidebar with various types of feeds, and
3. the Global Stream, which comprises the main body of the page.

The User Dashboard is designed to answer the questions, "What is going on in all of my courses?" and "What do I need to do next?"

Global Navigation

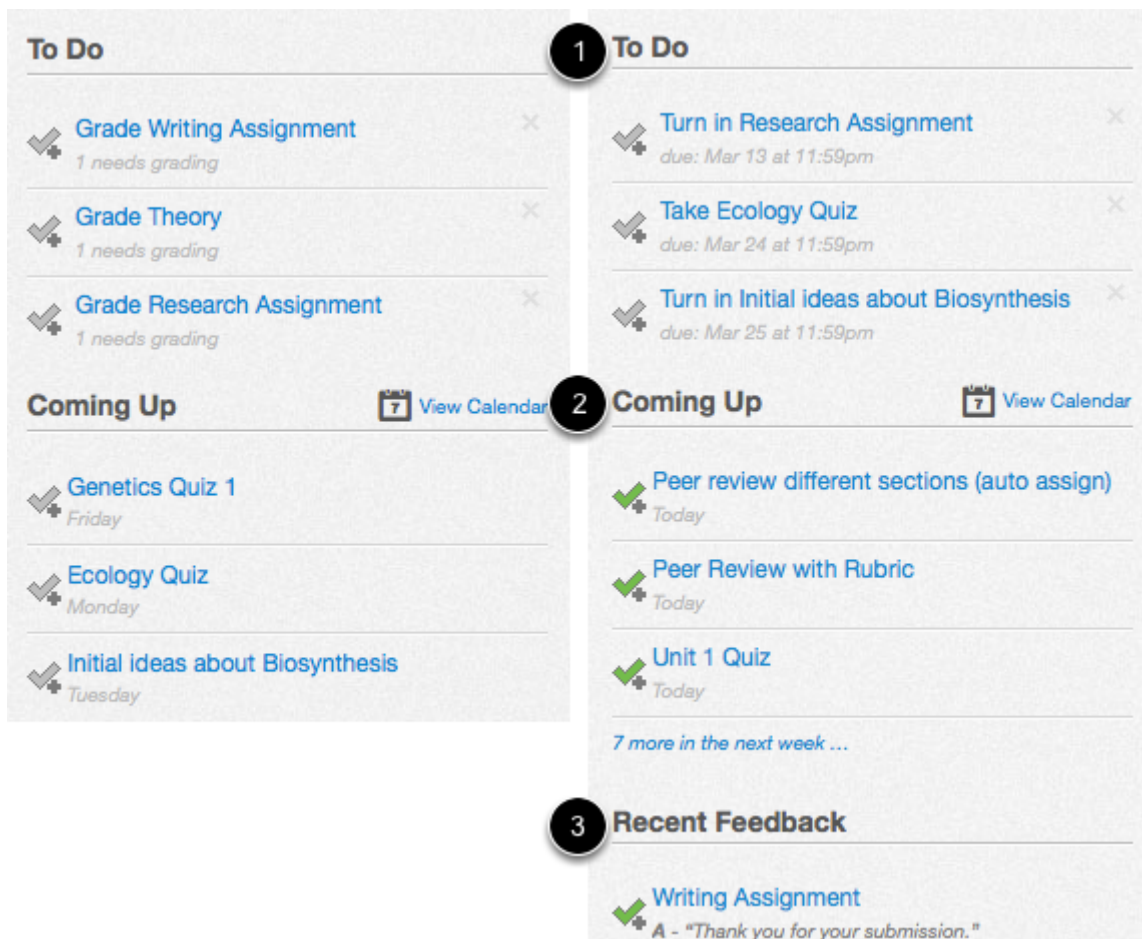

The Global Navigation directs users to menus or pages that display:

1. all of a user's courses and groups,
2. a grade summary page, and
3. the Calendar.

These three menus and pages will display different items depending on whether you are a student or an instructor. Under Grades, for example, Instructors will see a list of courses they are teaching and students will see a list of list of courses they are taking.

Sidebar

The Sidebar contains three helpful feeds:

1. The **To Do** feed lists the next five assignments you need to turn in (if you are a student) or need to grade (if you are an instructor). Assignments will still show up in this list even if they are past due. Click the links to go directly to the Assignments page.
2. The **Coming Up** feed lists the next five assignments or events coming due in the next week.
3. The **Recent Feedback** feed lets students know when their instructor has left a comment or a grade for one of their submissions. The same feed will let instructors know when students have left comments about work they have evaluated. This feed helps students and instructors keep the conversation alive around Assignments.

Global Stream

1 Announcement
BIO-101

1 Conversation Message
Emily Boone

13 Assignment Notifications
BIO-101

5 Discussions
BIO-101

The Global Stream contains a stream of recent activity from all of your courses. There are [announcements](#), [discussions](#), [assignment](#) notifications, and [conversations](#). This activity stream helps students and teachers to stay on top of what is going on in the course and allows them to easily ask questions and post to discussion forums. You can view the details of each section by hovering in the section area and clicking the **Show More** button.

Return to User Dashboard

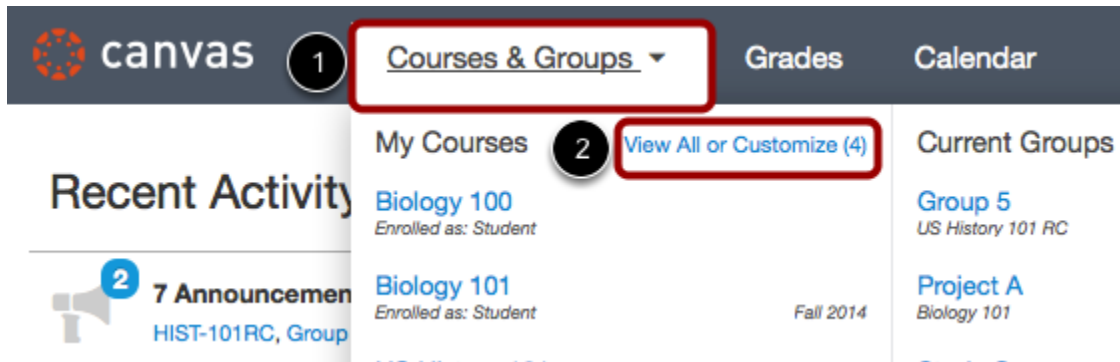

Click the Canvas logo in the Global Navigation to return to your User Dashboard.

How do I view my courses?

After logging into Canvas, you can view your current, past, and future enrollment courses in Canvas.

Open Courses

In Global Navigation, click the **Courses** link [1]. (If you are enrolled in any Groups, Global Navigation will show the link as **Courses and Groups**.)

At the bottom of the drop-down menu, click the **View All or Customize** link [2].

Note: You can [customize your courses](#) that appear in the drop-down menu.

Biology 101

✎ Edit

⚙️

Welcome to Biology 101!

In this course you will learn the major principles of general biology as they relate to the cellular, organismic and population levels of organization.

Course topics include:

- cell ultrastructure and function
- energy transfer
- reproduction
- genetics
- evolution
- diversity of organisms
- ecology

Begin by taking the pre-test to assess your knowledge of Biology as it now stands.

How do I navigate a Canvas course as an instructor?

A Canvas course is divided into six main sections.

To help you learn how to navigate a Canvas course, this lesson uses a course that has already been populated. To learn how to build a new course, visit the [create a new course shell](#) lesson.

Canvas Course Navigation Overview

The screenshot shows the Canvas interface for a course titled "US History 101". The interface is divided into several sections, each highlighted with a red box and a numbered callout:

- 1**: Course Navigation (Left sidebar menu with items like Home, Announcements, Modules, etc.)
- 2**: Global Navigation (Top navigation bar with "Courses & Groups", "Grades", and "Calendar")
- 3**: Breadcrumb Navigation (Path: Home > HIST-101)
- 4**: Content Area (Main content area with a welcome message and a photo of the US Capitol building)
- 5**: Sidebar (Right sidebar with "To Do" list and course management options like "Choose Home Page", "View Course Stream", etc.)
- 6**: User Profile (Top right corner showing "Doug Roberts" and links for "Inbox", "Settings", "Logout", and "Help")

There are six main sections in a Canvas course:

1. Course Navigation
2. Global Navigation
3. Breadcrumb Navigation
4. Content Area
5. Sidebar

6. Help Corner

Settings

The Course Navigation links help you get to where you want to go within a Canvas course. As an instructor, you can customize what links are shown in your course.

Global Navigation Menu

The Global Navigation menu helps you get to where you want to go across all of the Canvas courses you are enrolled in.

Help Corner

The Help Corner is where users can access their personal settings and where students can contact the instructor or Canvas Support. It also provides places for user feedback and user ideas.

Breadcrumbs

[🏠](#) > [HIST-101](#) > [Pages](#) > [Welcome](#)

The Breadcrumbs appear above the main body of the page. Breadcrumbs leave a trail that help you see where you have navigated to inside a Canvas course. Follow these links backward to visit parent pages. Click the house icon at the far left of the Breadcrumbs to move all the way back to the User Dashboard.

Content Area

Welcome

Welcome to US History!

This course will start during the pre-colonial era and move toward the present-day United States. This is an overview course. We could spend the entire semester on one of these eras of history.

The content of the course will be displayed in the Content Area. The content can be a page, the syllabus, discussions, announcements, quizzes, or imported content.

Sidebar

The screenshot shows the Canvas Instructor Sidebar. It contains the following items:

- Choose Home Page
- View Course Stream
- Course Setup Checklist
- New Announcement
- View Course Analytics

Below these items is a section titled "To Do" which lists several grading tasks:

- Grade Expectations (1 needs grading)
- Grade Unit 2 Discussion (5 need grading)
- Grade Introductions (1 needs grading)
- Grade Unit 1 Quiz (1 needs grading)
- Grade Unit 3 Assignment (1 needs grading)

At the bottom of the "To Do" list, there is a link that says "4 more..."

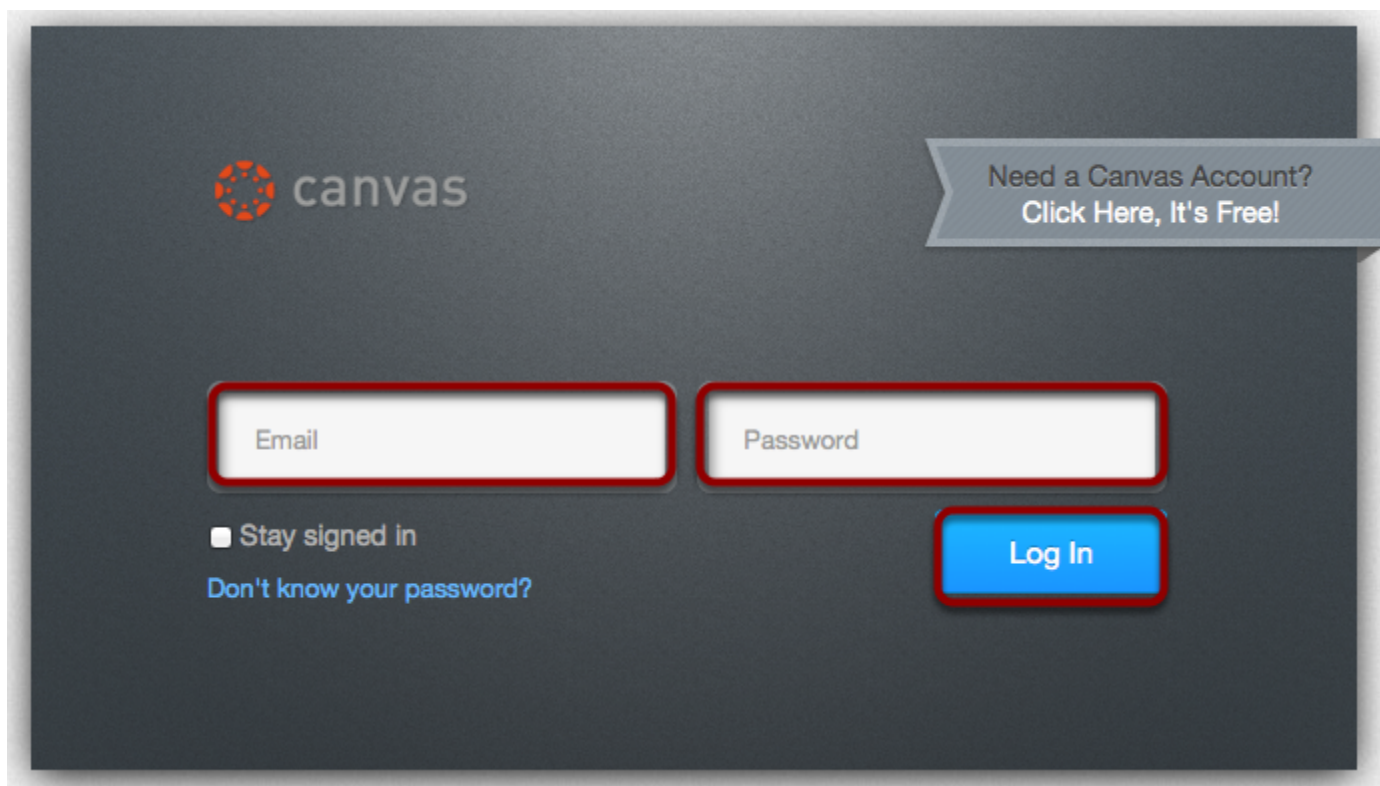

The Sidebar provides the tools available for the Canvas feature you are currently using. The Sidebar will change dynamically as you use different tools in a feature as well as when you move from feature to feature.

How do I create a new course shell?

Admins or instructors can create a course shell in Canvas to host courses for their institution. Some institutions will have this option disabled and instead provide course shells to faculty automatically via SIS (Student Information System) imports.

Note: If you are not able to create your own course shell as shown in these instructions, your institution has disabled this feature. Contact your Administrator for assistance.

Log in to Canvas

Login to your Canvas instance by entering your username and password in the appropriate fields.

Start a New Course

In the Sidebar, click the **Start a New Course** button.

Note: If you do not see this button in Canvas, your institution has disabled this feature.

Add Course Details

Start a New Course ✕

Course Name 1

Short Name 2
This will be displayed in places with little space

Content License 3

4 Make course publicly visible
(student data will remain private)

Add your course name by typing in the course name field [1].

If your course name is longer than 21 characters, you can create a course code in the Short Name field [2].

Note: If your course name is too short to create a Short Name, you can create a course code later in your [Course Settings](#).

Set the content license by selecting the content license drop-down menu [3]. This setting will help Canvas can track of the default license for content inside of your course. By default all content is considered copyrighted, but you can also release your content to the public domain or choose a Creative Commons license. Learn more about [Creative Commons licenses](#). You can also [change the license](#) in Course Settings.

If you want to make the course publicly visible, click the **Make course publicly visible (student data will remain private)** checkbox [3].

Create Course

Click the **Create course** button.

Repeat these steps to create additional course shells.

Will Canvas work on my mobile device?

Canvas is built on open web standards and uses minimal instances of Flash, so most features are supported on mobile devices. With the growing use of mobile devices, instructors should build their courses with best practices for mobile in mind.

Mobile Browsers

You can access Canvas on your mobile device through any mobile browser. However, mobile browsers are not officially supported. We recommend using Canvas mobile applications for an improved user experience.

Mobile Applications

We are actively improving our native mobile applications to support as many Canvas features as possible. Instructure has four native mobile applications free for download on both phones and tablets. Please note that mobile applications are only supported in English at this time.

- **Canvas by Instructure** (iOS 7.0+, Android 4.0+). This app provides access to Canvas for both instructors and students while on the go. Depending on your device, not all Canvas features may be available on the app at this time. View [Canvas mobile features](#) by version and device.
- **MagicMarker** (iPad only, iOS 7.0+) This app is specifically designed for instructors to assist them with standards-based learning. Syncs with the Learning Mastery Gradebook.
- **Polls for Canvas** (iOS 7.0+, Android 4.0+). This app is the easy way for instructors to collect student opinion in their classrooms without any extra devices.
- **SpeedGrader™ App** (iPad only, iOS 5.0+). This app is specifically designed for instructors and allows them to grade student submissions on the go. Syncs with SpeedGrader™ and the Gradebook.

Learn more about mobile applications in the [Canvas Mobile Guides](#).

Customize Canvas

What are my Profile and User Settings?

Profile and User Settings let you control your personal information in Canvas. You can control this information in the Help Corner.

If you want to view a video about personal settings, you can watch [Settings - Personal Settings and Profile Picture \(Video\)](#).

Note: Your institution may restrict one or more settings options.

When would I use my profile and user settings?

The screenshot shows the Canvas user interface for Doug Roberts. At the top, there is a navigation bar with the Canvas logo, 'Courses & Groups', 'Grades', and 'Calendar'. On the right side of the navigation bar, it says 'Doug Roberts', 'Inbox 2', 'Settings', 'Logout', and 'Help'. Below the navigation bar, there is a sidebar on the left with a list of options: 'Doug Roberts', 'Home', 'Profile', 'Notifications', 'Files', 'Settings', and 'ePortfolios'. The main content area is titled 'Doug Roberts's settings' and features a profile picture of Doug Roberts. Below the profile picture, there is a section for 'Ways to contact Doug Roberts', followed by a 'Bio' section (with the text 'Doug Roberts hasn't added a bio') and a 'Links' section (with the text 'Doug Roberts hasn't added any links'). On the right side of the main content area, there is an 'Edit Profile' button.

You can use your profile and user settings to:

- View and edit your [user settings](#), such as display name, [language preference](#), and [time zone](#)
- View or add a [profile picture](#)
- Set [Notifications](#) for your favorite communication channels
- Upload [personal Files](#)
- Create and manage [ePortfolios](#) of your course work
- Manage new [user features](#)

If your institution has enabled profiles, you can also edit your [profile](#) information.

Note: Your institution may restrict one or more of these options.

How do I set my Notification Preferences?

You can set notification preferences to receive updates about your Canvas courses. These steps apply for all users.

View a [video about Notification Preferences](#).

Note: These settings apply to all of your courses.

Open Personal Settings

In the Help Corner, click the **Settings** link.

View Settings

Canvas Student's Settings

Full Name:* Canvas Student
This name will be used for grading.

Display Name: Canvas Student
People will see this name in discussions, messages and comments.

Sortable Name: Student, Canvas
This name appears in sorted lists.

Language: System Default (English (US))

Time Zone: Mountain Time (US & Canada)

Web Services

Canvas can make your life a lot easier by tying itself in with the web tools you already use. Click any of the services in "Other Services" to see what we mean.

Let fellow course/group members see which services I've linked to my profile

Registered Services Other Services

Ways to Contact

Email Addresses

- ★ cnvsstudent@gmail.com
- student@email.com

[+ Add Email Address](#)

Other Contacts **Type**

[+ Add Contact Method](#)

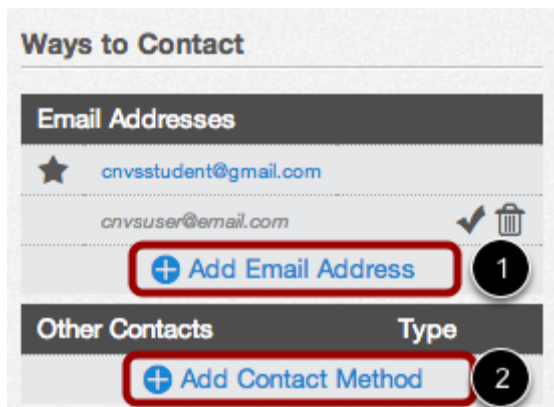

[Edit Settings](#)

Within your personal settings, you can:

- Add ways for your fellow classmates to contact you
- Link to web services

- View and set notifications preferences
- View approved integrations

Add Ways to Contact

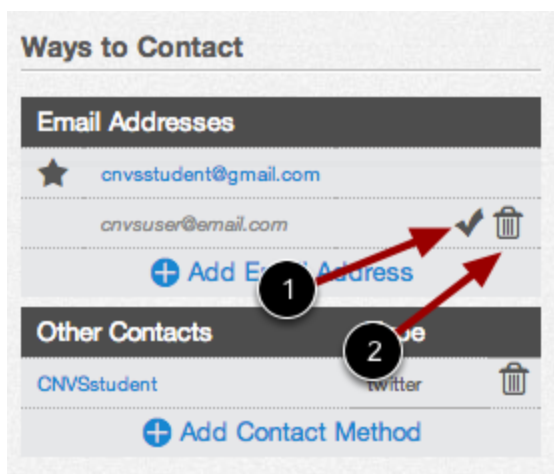

Before you can set your Notification Preferences, you will need to set the ways you want to be notified.

Your account will already display the email associated with your account. However, if you want to add an additional email address, click the **Add Email Address** link [1].

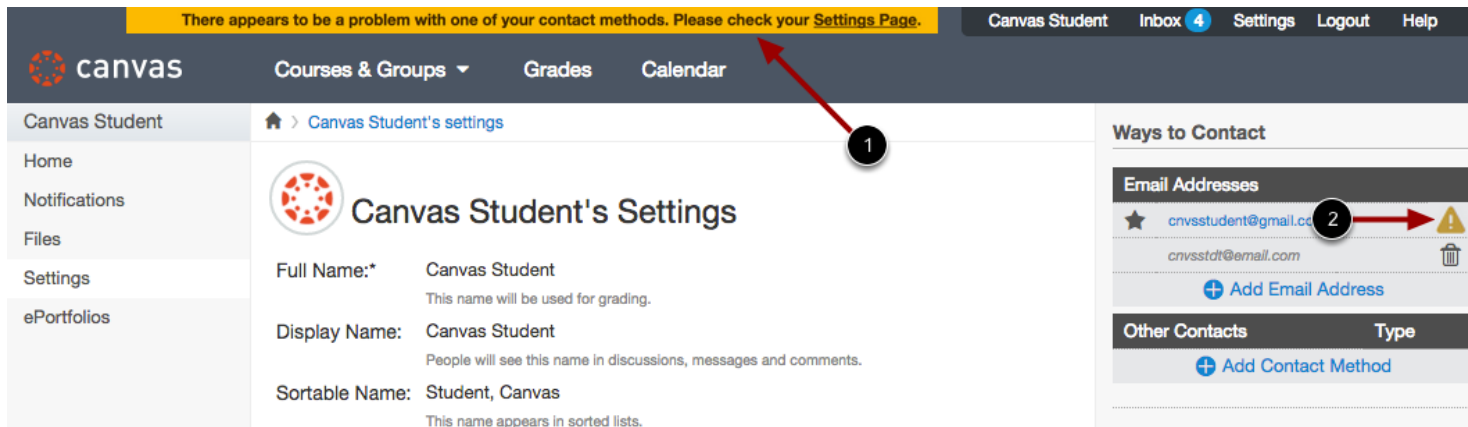

If you want to add any other type of contact method such as Twitter or text messages, click the **Add Contact Method** [2].

Edit Contact Methods

Canvas will ask to verify your additional contact methods. Once they have been verified, a checkmark will appear next to the method type [1]. You can delete additional contact methods at any time by clicking the **trash** icon [2].

Bounced Communication Warnings

Canvas does not send notifications to communication channels that have bounced, which means the channel can no longer attempt to generate or send a notification. Bounces can occur from invalid addresses (caused by address typos, changed addresses, etc.) or blocked servers.

You will be notified in Canvas when one of your communication channels has bounced. If you are on a Canvas page outside of your User Settings, Canvas displays a warning banner at the top of your browser window [1].

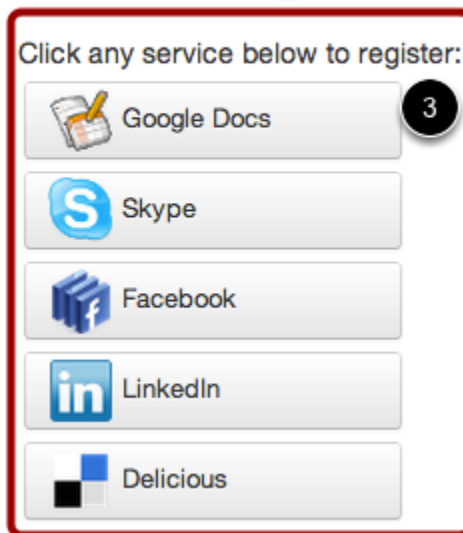

In User Settings, the bounced contact method displays a warning icon [2]. To correct the error, you can remove then re-add the contact method to your profile.

Link to Web Services

Registered Services 1

Other Services 2

The Web Services portion on your settings page is divided into two columns. Services you have already registered, such as through the Ways to Contact section of your settings, or through course Collaborations and assignments, appear in the left column under the **Registered Services** heading [1].

Other services that are available for registration appear in the right column under the **Other Services** heading [2]. Register for any of these other services by clicking one of the **[ServiceName]** buttons [3]. Once you have registered for that service properly, the service name will move from the right column to the left column. Repeat this process to add additional services.

When you hover over the name of the notification, you can view the details of the notification and adjust your preferences.

Note: Some notifications are for instructors and admins only as noted in the hover descriptions:

Course Activities

- Due Date: Assignment due date change
- Grading Policies: Course grading policy change
- Course Content: Change to course content including WikiPage, Assignment, and Quiz content
- Files: New file added to your course. Canvas will only notify you of new files in a course once they have been updated.
- Announcement: New announcement in your course
- Announcement Created By You: You can see what announcements you have sent. Also, if you allow replies, a notification will be sent for announcement replies.
- Grading: Includes assignments/submission grade entered/changed, unmuted assignment grade, grade weight changed. Check **Include scores when alerting about grade changes** checkbox if you want to see your grades in your notifications. If you aren't using your institutional email address, be aware that sensitive information will be sent outside the institution.

- Invitation: Includes invitations to web conferences, collaborations, groups, course, peer review and peer review reminders
- All Submissions (*Instructor & Admin only*): Assignment submission/resubmission
- Late Grading (*Instructor & Admin only*): Late assignment submission
- Submission Comment: Assignment submission comment.

Discussions

- Discussion: New discussion topic in your course
- Discussion Post: New discussion post in a topic you're subscribed to

Conversations

- Added to Conversation: You are added to a conversation
- Conversation Message: New Inbox message
- Conversations Created By Me: You created a conversation

Scheduling

- Student Appointment Signups (*Instructor & Admin only*): Student appointment signup using Scheduler
- Appointment Signups: New appointment on your calendar
- Student Appointment Cancelations: Appointment cancelation
- Appointment Availability (*Instructor & Admin only*): Change to appointment time slots
- Calendar: New and changed items on your course calendar

Groups

- Group Membership Updates: Group enrollment, accepted/rejected membership; (*Admin only*) pending enrollment activated

Alerts

- Administrative Notifications (*Instructor & Admin only*): includes course enrollment, report generated, context export, migration export, new account user, new student group

To change a notification for a contact method, hover over the notification type you want to change. Select one of four options.

1. Select the **Checkmark** icon to be notified immediately of any change for the activity.
2. Select the **Clock** icon to be notified daily of any change for the activity.
3. Select the **Calendar** icon to be notified weekly of any change for the activity.
4. Select the **X** icon to remove the notification preference so you won't be notified of any change for the activity.

Note: Each set notification preference will apply to all of your courses. They cannot be set individually.

View Approved Integrations

Approved Integrations:

These are the third-party applications you have authorized to access the Canvas site on your behalf:

App	Purpose	Dates
Canvas iOS Apps		Expires: never details Last Used: Nov 29, 2012 at 4:11pm

When you allow third-party integrations to access your account, the Approved Integrations section will appear and display the authorized integrations. Each integration will show you the name of the app, the purpose (if one is noted), the date the app was last used, the date the app expires, and a link to view further details.

How do I connect to web services outside of Canvas?

Canvas is integrated with a number of third party web services. Most of these services can be configured from the user settings page.

Integrate Web Services With Canvas

Web Services

Canvas can make your life a lot easier by tying itself in with the web tools you already use. Click any of the services in "Other Services" to see what we mean.

Let fellow course/group members see which services I've linked to my profile

By registering other web services with Canvas, you create different ways to be contacted. By default we do not disclose this information to other users within the system unless you give us your consent.

Integrate Web Services with Canvas

Other Services

Click any service below to register:

Integrated web services include:

- [Google Docs](#)
- [Etherpad](#) (Typewith.me)
- [Facebook](#)
- [Twitter](#)
- [Document Previewer](#)
- [Skype](#)
- [LinkedIn](#)
- [Delicious](#)

Integrated education-centric web services include:

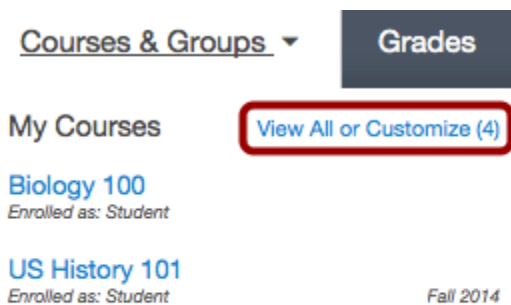

- [Diigo](#)
- [Turnitin](#)
- [Respondus](#)
- Wimba

How do I customize my Courses drop-down menu?

You can customize the courses you want to show in your Courses drop-down menu.

Note: Courses are always listed alphabetically; you cannot reorder your courses manually.

Select Courses from the Global Navigation

In the Courses drop-down menu, click the **View All or Customize** link.

Choose Courses

My Courses

★	Basic Bookbinding, BB 101 Sec 1	unpublished	Enrolled as a student
★	Basic Written Communications, Section 1	unpublished	Enrolled as a student
★	Biology 100, Lab		Enrolled as a student
★	Biology 101, Section 2 <i>Fall 2014</i>		Enrolled as a student
★	US History 101 RC		Enrolled as a student
★	US History 101, History 101 <i>Fall 2014</i>		Enrolled as a student

Click to add to the courses menu.

Click the star next to a course to add or remove the course from the Courses drop-down menu. Courses with yellow stars indicate a favorite course and are included in the Courses and Groups drop-down menu. Current courses are starred by default. You can toggle the stars to favorite or unfavorite a course.

Your favorite courses will appear in your Courses and Groups drop-down menu after you make your selection(s).

Note: You can see all your present, past, and future courses by clicking the **View All or Customize** link [3]. You will only see future courses if the start date is in the future, the course is published, and you have been enrolled in the course.

Unpublished Courses

My Courses

★ Basic Written Communications, Section 1	unpublished	Enrolled as a teacher
★ Biology 101, Section 1 Fall 2014		Enrolled as a teacher
★ Design 101	unpublished	Enrolled as a teacher

My Courses

★ Basic Bookbinding, BB 101 Sec 1	unpublished	Enrolled as a student
★ Basic Written Communications, Section 1	unpublished	Enrolled as a student
★ Biology 101, Section 2 Fall 2014		Enrolled as a student

Only instructors can favorite unpublished courses [1]. Students can hover over a star icon for an unpublished or concluded course and view a message indicating that the course cannot be added as a favorite [2].

How do I change the language preference in my user account?

English is Canvas' language default, but you can choose to view the Canvas interface in another language.

Note: Instructors have the option to change the language preference for their courses. If you enroll in a course where the instructor has made this change (most often for a foreign language course), the course language will override the language in your user settings.

Organize a Course

What is the Course Setup Checklist?

The first few times you create a new course in Canvas, it's a challenge to remember all of the steps required. The Course Setup Checklist exists to help you remember to cover all your bases before the course goes live.

View Course

Course Setup Checklist

A course originally starts in an unpublished state allowing instructors to set up your course and ready the content while concealing it from students. Instructors, designers, and admins can add students, teachers, and TAs to the course. As soon as you're ready then you can publish your course and make it available to the students.

When would I use the Course Setup Checklist?

Next Steps

-  Import Content
-  Add Course Assignments
-  **Add Students to the Course**
-  Select Navigation Links
-  Choose a Course Home Page
-  Add Course Calendar Events
-  **Add TAs to the Course**
- Publish Course**

Great, so you've got a course... Now what? Well, before you go publishing it to the world, you may want to check and make sure you've got the basics laid out. Work through the list on the left to ensure that your course is ready to use.

This course is visible only to teachers until it is published

The Course Setup Checklist appears as a grey pop-up pane at the bottom of your screen when you first create a new course in Canvas. The checklist reminds you to:

- Import content using the [Course Import Tool](#)
- Add [assignments](#) or [assignment shells](#) on the Assignments page
- Add [Students](#) to the course via the People page
- Select the [links](#) you wish to display in the Course Navigation under the Navigation tab in Settings
- Choose a layout for your [Course Home Page](#)
- Add [events](#) and [Assignments](#) to your course [Calendar](#)
- Add [TAs](#) to the course via the People page
- [Publish](#) the course, which will automatically send invitation emails to any students you have already added to the course

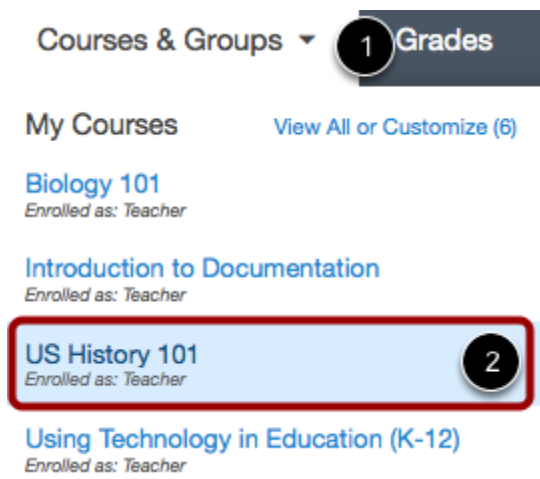

Note: Once your course contains a graded submission, you cannot unpublish your course.

How do I change the Course Home Page?

You can change your Course Home Page to reflect one of five layout options: the Recent Activity Dashboard, Pages Front Page, the Course Modules, the Assignment List, or the Syllabus. Learn about [Course Home Page options](#).

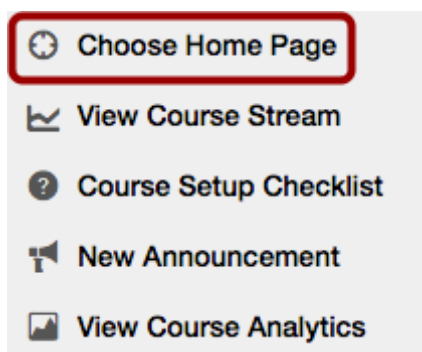

Note: You must set a Front Page before selecting the [Pages Front Page](#) option. Additionally, only Published pages can be set as the Front Page.

Open Course

In the Courses drop-down menu [1], click the name of the course [2].

Choose Home Page

In the Home Page sidebar, click the **Choose Home Page** link.

Select Home Page Layout

Choose Home Page ✕

Select what you'd like to display on the home page.

- Recent Activity Dashboard
- Pages Front Page Welcome [[Change](#)]
- Course Modules
- Assignments List
- Syllabus

Cancel Save

Click the radio button next to the Home Page layout you prefer.

Set Front Page

Choose Home Page ✕

Select what you'd like to display on the home page.

- Recent Activity Dashboard
- Pages Front Page [[Front page must be set first](#)]
- Course Modules
- Assignments List
- Syllabus

Cancel Save

If you want to select a Pages Front Page but have not set a Front Page, you must set a Front page before choosing this option.

Note: Only Published pages can be set as the Front Page. Make sure the page you want to set as the Front Page is published.

Update Layout

Choose Home Page ✕

Select what you'd like to display on the home page.

- Recent Activity Dashboard
- Pages Front Page Welcome [[Change](#)]
- Course Modules
- Assignments List
- Syllabus

Cancel Save

Click the **Save** button to save the changes made to the Course Home Page.

How do I reorder and hide Course Navigation links?

By default, all links are enabled for all courses. Please note that links cannot be renamed.

Links to sections that don't have any content and that students cannot create content for will not be shown to students and will be "grayed" for your view. For example, if there are no learning outcomes set for the course, you will see the "Outcomes" link in gray, but students will not see the link at all. You can also hide and reorder links in the left navigation for your course.

Note: Configured [External Apps](#) may create additional Course Navigation links. You can also select, navigate, and drop navigation links using a keyboard. To view the keyboard shortcuts, press the **comma key**. Links will always be placed below the link where you drop it. To replace a link at the beginning of the navigation menu, drop the link at the top. By default the link will appear as the second link in the list. Then move the top link down below your preferred link.

Open Settings

In Course Navigation, click the **Settings** link.

Open Navigation

Click the **Navigation** tab.

Reorder Navigation Links

Drag and drop items to reorder them in the course navigation.

1	Home	
	Announcements	
	Assignments	
	Discussions	
	Grades	
	Collaborations	
	Syllabus	
	Quizzes	
	Modules	
	Pages	
	Conferences	4

Drag items here to hide them from students.
 Disabling most pages will cause students who visit those pages to be redirected to the course home page.

3	People	
2	Files	
	<i>Page disabled, will redirect to course home page</i>	
	Outcomes	
	<i>Page disabled, will redirect to course home page</i>	

Save **5**

Navigation links in blue text [1] are displayed to students. Navigation links in gray text [2] are hidden from students. Course Navigation links cannot be renamed.

Drag and drop items to reorder them in the Course Navigation. You can drag and drop course navigation links from each section—to hide them from or show them to students [3]. You can also use the **Settings** icon [4] to disable/enable and move course navigation links. This is useful for keyboard users. Click the **Save** button [5] when you are finished reordering everything.

Note: You can also select, navigate, and drop navigation links using a keyboard. To view the keyboard shortcuts, press the **comma key**. Links will always be placed below the link where you drop it. To replace a link at the beginning of the navigation

menu, drop the link at the top. By default the link will appear as the second link in the list. Then move the top link down below your preferred link.

What course settings do I have control over?

The Settings navigation link is where you can easily update and see the different users and sections, and you can also modify the navigation of your course.

Open Settings

The settings portion of your course is only available to teachers. Students won't be seeing this link so this is where we put in the different reports just for the teachers themselves.

View Settings

Course Details

Course is Published 

Name: Biology 101

Course Code: BIO-101

Time Zone: Mountain Time (US & Canada)

Department: [Biology](#)

Term: Fall 2014

Starts: Aug 13, 2014 at 1am

Ends: No Date Set

These dates will not affect course availability

Language: Not set (user-configurable, defaults to English (US))

This will override any user/system language preferences. This is only recommended for foreign language courses

File Storage: 500 megabytes

Grading Scheme: Default Grading Scheme

License: Private (Copyrighted)

Visibility: Private

Format: Not Set

 [Edit Course Details](#)

Depending on your permissions, you can edit differing levels of the course settings.

1. In the **Course Details** tab, you can view the details of your course, its name, what your quota is, and what license that you've attached to this content inside of your course. You can also view the course status. If the course cannot be unpublished, the hover text will notify you accordingly.
2. In the **Sections** tab, you can manage the different sections of students and see all the people associated with your course according to role.
3. In the **Navigation** tab, you can modify the Content Navigation links listed in your course. You can drag and drop to change the order of of the links. You can also hide specific links from students. Any configured [External Apps](#) (LTI Toolsthat appear in Course Navigation also appear here as well.
4. The **Apps** tab allows you to view installed apps and link apps enabled by your institution to your course.

5. The [Feature Options](#) tab allows you to enable and disable Canvas features within your course as made available by your account admin.

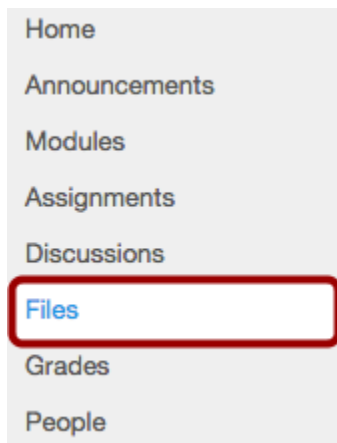

Add Course Content

How do I add a file to my course?

You can add a file to your course by uploading a file. You can also import files using the [course import tool](#).

Note: Video and audio uploads to Canvas through the media tool can be up to 500 MB in size.

Open Files

In Course Navigation, click the **Files** link.

Add Files

The screenshot shows the Canvas file management interface for a course named "US History". On the left is a sidebar with a tree view of folders: "US History" (expanded), "Assignments", "Private", "Public", "Quizzes", and "Syllabus". The main area displays the "US History" folder contents, including "Assignments", "Private", "Public", "Quizzes", and "Syllabus". At the top right of the main area, there are two links: "Add Files" (highlighted with a red box) and "Add Folder". To the right of these links are icons for a document and a folder with a plus sign. At the bottom right of the main area, there are icons for a lock, a pencil, and a trash can.

Storage Used: 36 KB out of 250 MB

[see files for all your courses/groups](#)

Click the **Add Files** link to upload files.

Biological Evolution

Evolution

What is Evolution?

Biological evolution is defined as any genetic change in a population that is inherited over several generations. These changes may be small or large, noticeable or not so noticeable.

In order for an event to be considered an instance of evolution, changes have to occur on the genetic level of a population and be passed on from one generation to the next.

This means that the genes, or more specifically, the [alleles](#) in the population change and are passed on. These changes are noticed in the phenotypes (expressed physical traits that can be seen) of the population.

A change on the genetic level of a population is defined as a small-scale change and is called microevolution.

Biological evolution also includes the idea that all of life is connected and can be traced back to one common ancestor. This is called macroevolution.

What is not Evolution?

Biological evolution is not defined as simply change over time.

Many organisms experience changes over time, such as weight loss or gain. These changes are not considered instances of evolution because they are not genetic changes that can be passed on to the next generation.

View the page you created.

What is the Rich Content Editor?

Canvas has a simple, yet powerful, word processor that is available anytime for creating new content (assignments, announcement, discussions, blogs etc.) within Canvas.

Although clean and streamlined, the Rich Content Editor is sophisticated enough to support embedding any video content, math formula, and other rich media.

[Click here to view a video about the Rich Content Editor.](#)

Note: Configured [External \(LTI\) Tools](#) may create additional buttons in the Rich Content Editor.

Open the Rich Content Editor

The screenshot displays the Canvas Rich Content Editor interface. At the top left, there is a breadcrumb trail: [BIO-101](#) > [Pages](#). Below this is a search bar. The main editor area is a large white box with a red border, containing a rich text toolbar with various icons for bold, italic, underline, text color, background color, link, unlink, list, indent, and font size. A red box labeled '2' highlights the 'HTML Editor' link in the top right corner of the editor area. A red box labeled '1' highlights the main content area. To the right of the editor is a 'Content Selector' sidebar titled 'Insert Content into the Page'. It has tabs for 'Links', 'Files', and 'Images'. Under the 'Links' tab, there is a list of course content items, including 'Wiki Pages', 'Assignments', 'Quizzes', 'Announcements', 'Discussions', 'Modules', and 'Course Navigation'. A red box labeled '3' highlights the 'Biological Evolution Video' item in the 'Wiki Pages' list. Below the editor area, there is an 'Options' section with a dropdown menu set to 'Only teachers' and the text 'can edit this page'. At the bottom, there is a checkbox for 'Notify users that this content has changed', and 'Cancel' and 'Save' buttons.

Anything that can be viewed in a web browser can be inserted into the Rich Content Editor content area [1]. Content can also input HTML directly into Canvas using the HTML Editor link [2]. Users can also easily link to course content using the Content Selector [3].

What Canvas Features Use the Rich Content Editor?

The following Canvas features use the Rich Content Editor:

- Announcements
- Assignments
- Discussions
- Pages
- Quizzes
- Syllabus

[Click here to go to the Rich Content Editor chapter.](#)

What are the different Assignment types?

Assignments can be placed within different assignment types: Assignments, Discussions, Quizzes, External Tools, and Not Graded.

Assignment

An **Assignment** is a Canvas assignment that can be submitted online through text entry, file uploads, media recordings, Google Docs, URLs, or Canvas pages. This assignment will show up in the Gradebook, on the Syllabus page, and on the User Dashboard.

Discussion

A **Discussion** is a Canvas assignment that will grade student response to discussion topics. This assignment will show up in the Gradebook, on the Syllabus page, and on the User Dashboard.

Quiz

A **Quiz** is a Canvas assignment that can be used to conduct a survey or assess a student's comprehension of course content. This assignment will show up in the Gradebook, on the Syllabus page, and on the User Dashboard.

External Tool

An **External Tool** is an assignment that utilizes LTI technology to link to a third-party application or website. This assignment will show up in the Gradebook, on the Syllabus page, and on the User Dashboard.

Not Graded

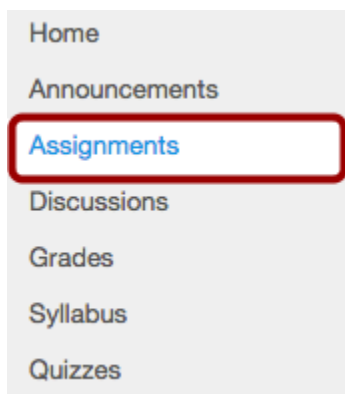

Not Graded is a Canvas assignment with a due date, but no points or grades will be given for completing the assignment. This assignment type can be used for practice assignments as well. This assignment will show up on the Syllabus page and the User Dashboard.

How do I create an Assignment shell in an Assignment Group?

You can create an Assignment shell on the Assignments index page. Assignment shells are placeholders for the Assignment until you fill in the Assignment details.

Open Assignments

In Course Navigation, click the **Assignments** link.

Create Assignment Shell

In an Assignment Group header, click the **Add** icon.

Enter Assignment Shell Details

Set the [Assignment type](#) by selecting the type drop-down menu [1], enter the Assignment title in the **Name** field [2], click the **Calendar** icon to select a due date [3] or manually enter a due date, and enter the number of points for the assignment in the points field [4]. Click the **Save** button [5].

Note: If you want to [edit the assignment details](#) now, click the **More Options** button [6].

Visit the [Assignments chapter](#) to learn about the different types of assignments you can create within Canvas.

What are the different types of Quizzes?

The quiz tool is used to create and administer online quizzes and surveys. You can also use quizzes to [conduct and moderate exams and assessments](#), both graded and ungraded. The steps to create quiz content are the same for each quiz type.

Create Graded Quiz

Quiz Type

A graded quiz is the most common quiz, and Canvas automatically creates a column in the grade book for any graded quizzes you build. After a student takes a graded quiz, certain question types will be automatically graded.

Create Practice Quiz

Quiz Type

A practice quiz can be used as a learning tool to help students see how well they understand the course material. Students do not receive a grade for practice quizzes, even though the quiz results display the number of points earned in the quiz. Practice quizzes do not appear in the Syllabus or the Gradebook.

Create Graded Survey

Quiz Type

A graded survey allows the instructor to give students points for completing the survey, but it does not allow the survey to be graded for right or wrong answers. Graded surveys have the option to be anonymous.

Create Ungraded Survey

Quiz Type

An ungraded survey allows you to get opinions or other information from your students, but students do not receive a grade for their responses. With ungraded surveys, you can make responses anonymous. Ungraded surveys do not appear in the Syllabus or the Gradebook.

How do I create a Quiz with individual Questions?

You can add your own questions to your quizzes. You can create various types of quiz questions. Individual questions can also be added to [question groups](#).

Open Quizzes

In Course Navigation, click the **Quizzes** link.

Create New Quiz

Click the **Add Quiz** button.

Update Course Details

You can choose to make your syllabus public so that people who aren't enrolled in your course can view more information about the course. In your course settings, you can select the **Make the syllabus for this course publicly visible** check box to make your syllabus public.

How do I view the Calendar?

The Calendar is a great way to view everything you have to do for all your courses in one place.

Locate Calendar Link

In Global Navigation, click the **Calendar** link.

View Calendar

The screenshot shows the Canvas calendar interface. At the top, there's a navigation bar with 'Today', navigation arrows, 'October 2014', and view options: 'Week', 'Month', and 'Agenda'. A red box labeled '1' highlights these view options. Below this is a main calendar grid with columns for days of the week (SUN to SAT) and rows for dates. A red box labeled '2' highlights the main calendar grid. To the right, there's a smaller calendar view for 'October 2014' with a red box labeled '3' highlighting it. Below the smaller calendar is a list of course calendars, including 'Doug Roberts', 'Biology 101', 'Biology 102', 'US History 101', 'Using Technology in Education (K-12)', 'Biology 100', 'Canvas Instructor Orientation', 'Introduction to Documentation', and 'Simple Canvas Course'. A red box labeled '3' highlights this list. At the bottom right, there's a 'Calendar Feed' link.

The Calendar displays everything you are enrolled in since the Calendar spans across all courses. In the navigation bar, you can choose to view the calendar in Month, Week, or Agenda view [1]. The view you choose dictates the style of the calendar window [2]. By default, the calendar appears in **Month** view.

The sidebar [3] shows a quick-view calendar, your list of courses and groups, and undated items for your courses and groups.

View Calendar List

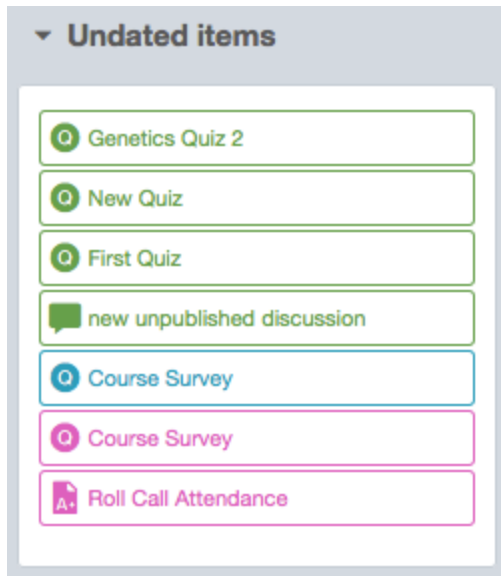

The screenshot displays the Canvas Instructor Quickstart Guide's calendar interface. At the top, there are navigation buttons for 'Today', 'Week', 'Month', and 'Agenda'. The main calendar grid shows a weekly view for October 2014, with days of the week (SUN to SAT) and dates (28 to 31). Events are color-coded by course or group. A sidebar on the right shows a list of calendars, with 'Biology 101' selected. A red arrow points from the 'Biology 101' entry in the sidebar to a green event in the main calendar grid.

Each personal, course, and group calendar is identified by a separate color that populates the calendar view. Associated assignments for each course or group will appear within the calendar view for each calendar. For instance, in the above example, assignments and events from the Biology 101 course will appear as green in the calendar view.

By default, all your course calendars and group calendars will be selected and appear in the calendar view [1]. To hide a calendar, click the box next to the name of the calendar [2]. Calendars that are not active within the calendar view will appear in gray [3].

Note: Colors are arbitrarily assigned to each course; they cannot be changed.

View Undated Events List

Expanding the **Undated items** link will show you a list of events and assignments that are not dated. The assignments and events will be differentiated by icons and by the personal, course, or group calendar color.

View Calendar by Month

In month view, click the arrow buttons [1] to move from month to month. Click the Today button [2] to view the events for the current date.

View Due Dates

Today ◀ ▶ October 2014 Week Month Agenda +

SUN	MON	TUE	WED	THU	FRI	SAT
28	29	30 11a Taxonomy Assignment 1	1 10:59p Genetics Quiz 1	2 11a Taxonomy Assignment 2 10:59p Genetics Quiz 2 (Section 1)	3 10:59p Discussion	4
5 2	6 10:59p Unit 3 Assignment 10:59p Unit 3 Assignment	7	8 1	9 10:59p Unit 3 Discussion 10:59p Unit 3 Discussion	10	11
12	13	14	15 3p Group Discussion	16	17 10:59p Discussion 10:59p Mid Semester Survey	18
19	20 3	21 10:59p Genetics Quiz 2 (Section 3)	22 10:59p Genetics Quiz 2 (Section 2) 10:59p Peer Assignment 10:59p Peer Assignment	23 4	24 11a Review	25
26	27	28	29	30 10:59p Group Assignment	31	1

Assignments are shown with an icon next to the assignment title. The icon reflects the assignment type: Discussion [1], Assignment [2], Quiz [3], or Events [4].

Each item on the calendar is color-coded to match the courses or calendars in the sidebar.

View Varied Due Dates

If a course has sections with varied due dates, instructors will see the multiple due dates [1]. Students will only see their section's due date.

View Calendar by Week

Click the **Week** button [1] to see the calendar by week.

View All-day Events

The new Calendar allows you to view All Day Events at the top slot of the calendar week.

View Calendar Agenda

Click the **Agenda** button [1] to view all of your calendar items, beginning with the month selected in Month view.

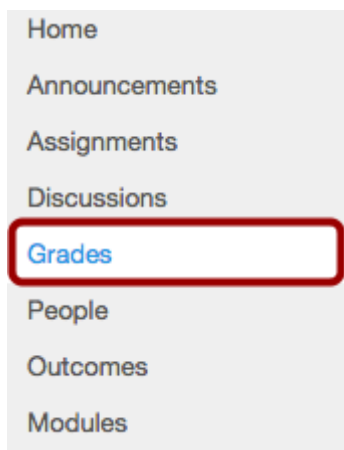

Work with Grades and People

How do I enter and edit scores in the Gradebook?

Most likely you will use the [SpeedGrader](#) to enter grades. The grades will appear in the Gradebook when you are done. However, you can manually enter and edit scores in the Gradebook.

You can also use a CSV file to [upload](#) and [download](#) scores.

Open Grades

In Course Navigation, click the **Grades** link.

Locate Student Score

How do I use SpeedGrader™?

As an instructor, SpeedGrader™ allows you to view and grade student assignment submissions in one place using a simple point scale or complex rubric. Canvas accepts a variety of document formats and even URLs as assignment submissions. Some document assignments can be marked up for feedback directly within the submission. You can also provide feedback to your students with text or media comments.

Access SpeedGrader

You can access SpeedGrader in several ways:

- Access via the [Gradebook](#)
- Access via [Assignment, Quiz, or Graded Discussion](#)

View SpeedGrader

You can use SpeedGrader™ to:

- [Sort submissions](#) by student and [hide student names](#) for anonymous grading
- [Evaluate assignments](#) for each student, including [resubmitted](#) assignments
- Use [rubrics](#) to assign grades
- Leave [feedback](#) for your students
- Track your [grading progress](#) and [hide assignments](#) while grading

The screenshot shows the Canvas SpeedGrader interface. The main area displays a document preview with placeholder text. On the right, there are several panels: 'Submission to view' showing the submission time, 'Submitted Files' with a file named 'assignment_2.docx', 'Assessment' with a grade input field and a 'View Rubric' button, and 'Discussion' with a message from Doug Roberts. Numbered callouts 1 through 5 highlight specific features: 1. Document preview toolbar, 2. Grade input field, 3. View Rubric button, 4. Discussion message, 5. Add a Comment text area.

For each student, SpeedGrader™ has five areas:

1. View student submissions. Preview .doc, .docx, .ppt, .pptx, and .pdf submissions using [Crocodoc](#); review other file format submissions using the document previewer or Google Preview
2. Assign a grade based on your preferred assessment method (points or percentage)
3. View Rubric to assist with grading (if one is added to the assignment)
4. View discussions created by you or the student about the assignment
5. Create text, video, and/or audio commentary for the student

Note: You can use keyboard shortcuts to navigate SpeedGrader™. Press the **comma key** and a pop-up window with keyboard shortcuts will appear for keyboard navigation.

[Click here to return to the SpeedGrader™ chapter.](#)

How do I add students to my course shell?

As part of the course setup process, Canvas will invite you to add students to your course shell. As soon you have finished building your course and it is published, Canvas will automatically send course invitations via email to all added users.

If your institution uses **SIS imports**, your student list will be populated by your admin, so you will not need to invite students to join your course. However, you may need to manually invite users who may not officially part of your institution's records for the course, such as an [observer](#), [TA](#), or [designer](#).

Note: Adding students is a course permission. If you cannot add students to your course, your institution has restricted this feature.

Open People

In Course Navigation, click the **People** link. You can also use the Course Setup Checklist; click one of the **Add Students to the Course** links [2].

Add People

Everyone

Groups

+ Group Set

Search people

All Roles ▼

+ People

Name	Login / SIS ID	Section	Role	Last Activity	Total Activity
 Doug Roberts	doug.roberts.canvas@gmail.com	History of the performing arts	Teacher	Sep 18 at 10:47am	11:39

Click the **Add People** button.

Submit Email Addresses

Type or paste a list of email addresses below:

"Example Student" <student@example.com>, "Lastname, Firstname"
 <firstlast@example.com>, justAnEmailAddress@example.com

The Add People page shows you how to submit an email address to Canvas and invite them to your course. Names are not required as part of this process.

Note: If you are copying and pasting from a spreadsheet or other type of list where names are included with email addresses, you may want to check that they are formatted in the same way as one of the gray examples in the text field. Otherwise the names may not import correctly.

Add People ✕

Type or paste a list of email addresses below:

1

Role: 2

Section: 3

4 **Next**

To submit an email address, type or paste the user's email address in the type field [1]. You can also type or paste several email addresses at one time.

In the Role drop-down menu [2], assign the user(s) a role for the course: Student, Teacher, TA, Designer, or Observer.

In the Section drop-down menu [3], assign the user(s) a [Section](#) in the course.

Note: If you are submitting multiple email addresses at the same time, all email addresses inherit the same role and section.

Click the **Next** button [4].

Check People

Add People
✕

Validated and ready to add 1 users:

Name	Email
Emily Boone 4	emily.boone.canvas@gmail.com 1

Start Over 2
Add Users 3

Canvas will verify that the email is a valid email address [1]. If you are not ready to add the user, click the **Start Over** button [2]. Otherwise click the **Add Users** button [3].

Note: If the user has previously created a Canvas account with the email address you are using, the user's name will populate in the name field [4]. Otherwise the name field will remain blank.

Confirm Enrollment

✕
Add People

The following users have been enrolled

Name	Email	Section
Boone, Emily	emily.boone.canvas@gmail.com	History of the performing arts

1
Add More Users

2
Done

Canvas will verify the student enrollment and automatically send an invitation to the course.

To send more invitations to your course, click the **Add More Users** button [1]. If you are finished inviting students, click the **Done** button [2] to return to the People page.

View Pending Enrollment

1 invitations haven't been accepted.

Name	Login / SIS ID	Section	Role	Last Activity	Total Activity
Emily Boone pending	emily.boone.canvas@gmail.com	History of the performing arts	Student		
Doug Roberts	doug.roberts.canvas@gmail.com	History of the performing arts	Teacher	Sep 18 at 10:55am	19:54

Until the user accepts the course invitation, the student's status will display as pending.

Once the user has accepted the course invitation, you can interact with the student in the course. You can also send messages to the student via [Conversations](#).

Note: It could take up to 24 hours for users to receive their invitations. Canvas will not consider the student to be enrolled—and won't recognize the student anywhere in Canvas—until the invitation has been accepted. If necessary, you can [resend course invitations](#).

How do I access People?

You can access details about the people, or users, in your course using the People page.

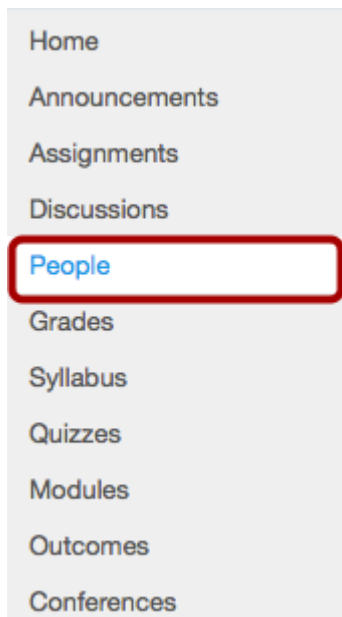

Open Course

The screenshot shows the Canvas interface. At the top, there are two tabs: 'Courses & Groups' with a dropdown arrow and 'Grades'. Below the tabs, there is a section titled 'My Courses' with a link 'View All or Customize (7)'. A list of courses is displayed below: 'Biology 101' (Enrolled as: Teacher), 'Biology 102' (Enrolled as: Teacher, Winter 2015), 'US History 101' (Enrolled as: Teacher), and 'Using Technology in Education (K-12)' (Enrolled as: Teacher). The 'Biology 101' course title and its enrollment status are highlighted with a red rectangular box.

In the Courses & Groups drop-down menu, click the course title.

Open People

In Course Navigation, click the **People** link.

6 View User Groups

7 View Prior Enrollments

8 View Registered Services

In People, instructors can:

1. View all the users participating in the course, including the ones whose course enrollment is pending.
2. Use the search bar to find a specific person.
3. Use the drop-down menu to filter users by role. The filter will also display the number of users in each type of role [e.g. student, TA].
4. Resend course invitations to all students who have not yet accepted.
5. Manually add people to the course.
6. View user groups in the course.
7. View prior enrollments in the course.
8. View registered services for course users.
9. Manage users in the course by hovering over a user's name.
10. View last activity for each user in the course. This allows you to see how often students interact with the course.
11. View total activity for each user in the course. This allows you to see how long students interact within a course and is associated with page views. Total activity requires a two-minute page view minimum for performance. **Note:** This does not capture page views for videos that do not include intermediate page requests, such as a half-hour recorded lecture.

12. View group tabs. All users in the course will be displayed in the Everyone tab. Any existing user groups will be listed as additional tabs for easy access to the group information. If you do not have any user groups in your course, Canvas will display a Groups tab that will take you to the student groups creation page.
13. Add a new group set.

Students can view users [1], use the search bar [2], use the drop-down menu [3], view user groups [6], and view registered services for course users [8].

To learn more about the People page, read the lesson about [people in the course](#).

Supported Browsers

Because it's built using web standards, Canvas runs on Windows, Mac, Linux, iOS, Android, or any other device with a modern web browser.

Canvas supports the last two versions of every browser release. We highly recommend updating to the **newest version** of whatever browser you are using as well as the most up-to-date Flash plug-in.

As of **October 24, 2014**, we support the most recent versions of Flash and popular web browsers:

- **Internet Explorer** 10 and 11
- **Chrome** 37 and 38
- **Safari** 6 and 7
- **Firefox** 32 and 33 ([Extended Releases](#) are not supported)
- **Flash** 14 and 15 (for recording or viewing audio/video and uploading files)
- **Respondus Lockdown Browser** (supporting the latest [system requirements](#))

Some supported browsers may still produce a banner stating *Your browser does not meet the minimum requirements for Canvas*. If you have upgraded your browser but you are still seeing the warning banner, try logging out of Canvas and deleting your browser cookies. [Click here for help with clearing your cache](#).

If you are using an unsupported browser, you can update your browser, or you can dismiss the warning banner during the duration of your browser session. For instance, testing centers can dismiss the banner and it won't appear until the next browser session.

Required Components

Flash is required in several places in Canvas: media recording/streaming and viewing as well as uploading files to a course or an assignment. Other than these features, Flash is not required to use most areas of Canvas.

The **Java plug-in** is required for screen sharing in Conferences. Please note that some browsers do not support Java. Otherwise, there are no other browser plug-ins used by Canvas.

Update Your Desktop Browser

There are a couple of different ways to update your desktop browser.

1. Every time you open your browser, it will check to make sure it is using the most current version. If it is not updated, your browser will prompt you with a notification and walk you through the update process.
2. Download the latest version of your desktop browser directly. Click the name of your browser below to visit your browser's download page:

- [Internet Explorer](#)
- [Chrome](#)
- [Safari](#) (Safari 6 is only included with OS X Mountain Lion; Safari 7 is only included with OS X Mavericks)
- [Firefox](#)
- [Flash](#)
- [Respondus](#)

Browser Privacy Settings

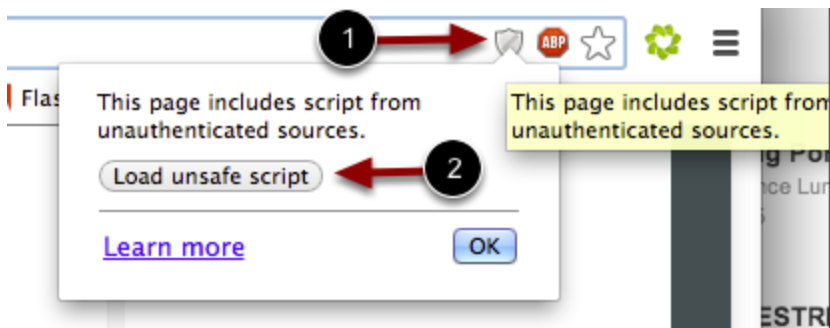

Some browsers may occasionally make modifications to privacy settings to protect users from possible unsecured content. Unsecured content is identified with the prefix [http://](#) in the URL and can create mixed content in your Canvas Page. Secured content is identified with the [https://](#) prefix in the URL.

Note: If you embed Canvas lessons inside your course, you can now prevent browser issues with mixed content using [secured Canvas Guides URLs](#).

We recommend following any browser security policies established by your institution, especially if you are using Canvas on a computer provided by your institution. You may want to use Canvas in an alternative browser instead.

If you are using a browser that is affected, please be aware of possible restrictions. The following are known issues in specific browsers that may block or create mixed content within Canvas.

Chrome Security

Google Chrome verifies that the website content you view is transmitted securely. If you visit a page in your Canvas course that is linked to insecure content, Chrome will display a shield icon in the browser address bar.

You can choose to override the security restriction and display the content anyway by clicking the shield icon and then clicking the **Load unsafe script** button.

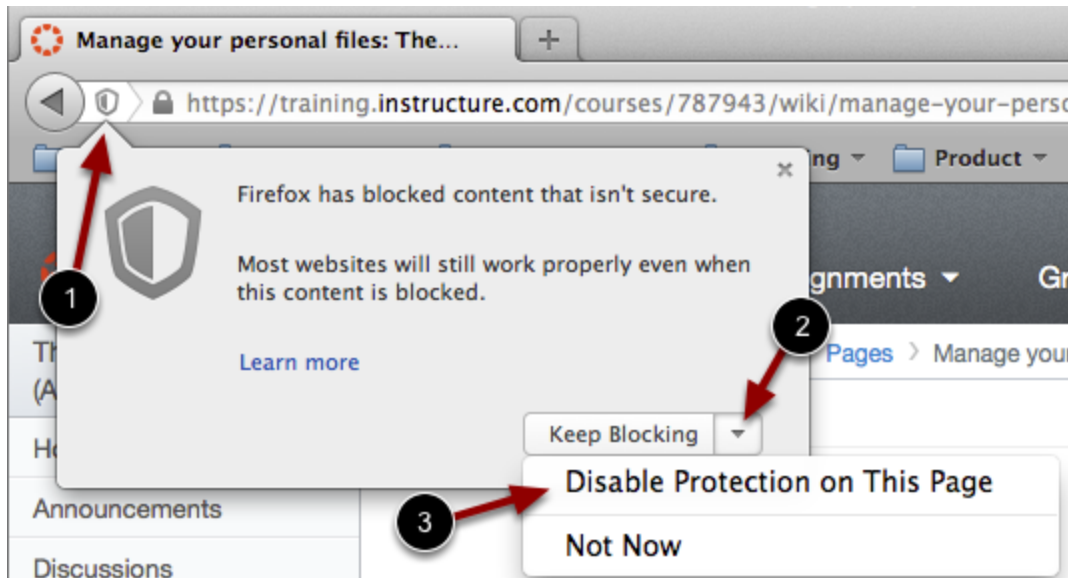

Chrome Media Permissions

Chrome has its own media permission within the browser. To use your computer camera and microphone within any Canvas feature, you will have to approve two permissions:

1. Allow access to Canvas via the Adobe Flash Player Settings [1]. This prompt appears in the center of the video and audio pop-up windows, or the center of the browser if you are accessing Conversations.
2. Allow access to Canvas via Chrome's media permission settings [2]. This prompt appears just below the address bar. Click the **Allow** button.

Firefox Security

Firefox verifies that the website content you view is transmitted securely. If you visit a page in your Canvas course that is linked to insecure content, Firefox will display a shield icon in the browser address bar [1].

You can choose to override the security restriction and display the content anyway by clicking the shield icon, clicking the Keep Blocking drop-down menu [2], and selecting the **Disable Protection on This Page** option [3].

Canvas on Mobile Devices

The Canvas interface was optimized for desktop displays, so using small form factors such as phones may not be a pleasant experience in using Canvas. Canvas is not officially supported on mobile browsers. We recommend using Canvas [mobile applications](#) for an improved user experience. (**Note:** At this time, Canvas apps are only available in English.)

Since Canvas uses small elements of Flash, not all Canvas features may be supported on mobile devices, especially on iOS.

Mobile Browsers

Visit the Apple store or the Play store to download mobile browsers. The following major browsers are compatible with mobile devices but Canvas features may not be supported:

iOS

- Safari (default browser that opens from Canvas)
- Chrome
- Photon Flash Player (supports Flash)

Android

- Internet
- Firefox
- Chrome

Note: Android default browser varies per mobile device.

How do I get help with Canvas?

You can get help with Canvas by using the Help link. Depending on your user role, the Help link generates a list of resources to help you with Canvas, such as how to search Canvas Documentation and report a problem.

Notes:

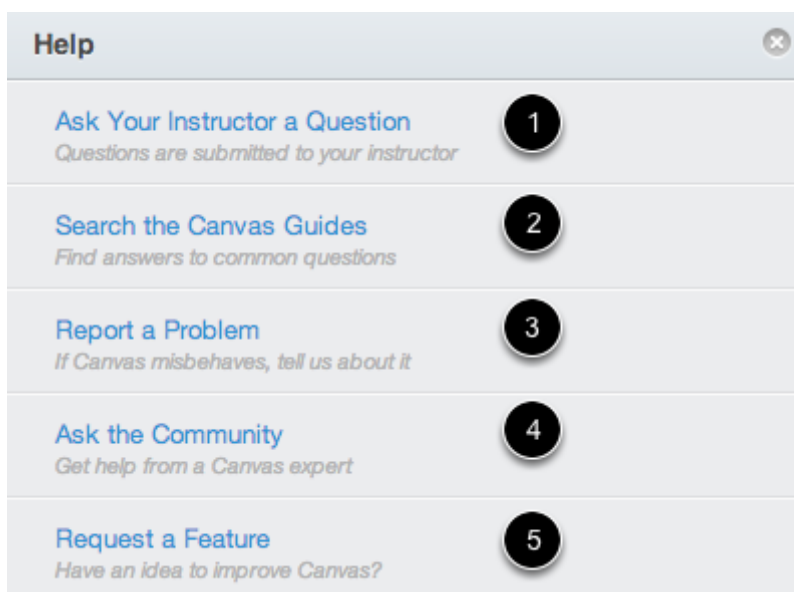

- Depending on your institution, the help link may not be available. Admins may also create additional [custom help links](#).
- Before reporting a problem with Canvas, please Ask the [Canvas Community](#) or search the [Canvas Guides](#) for help.

Open Help

In the Help Corner, click the **Help** link.

View Help Resources

Depending on your user role, there are five main links for help or feedback:

1. **Ask your instructor a question:** Ask your instructor questions about course material or send them a message
2. **Search the Canvas Guides:** Search the Canvas Guides for information about features inside of Canvas
3. **Report a problem:** Submit problems with Canvas to our support team
4. **Ask the Community:** Exchange ideas and solutions regarding Canvas functionality with Canvas experts and your Canvas peers
5. **Request a Feature:** Submit ideas about how to make Canvas better

Note: If you are an instructor, the Ask your instructor a question help link is not available to you.

Ask Your Instructor a Question

To ask your instructor or TA questions about course material or send them a message, click the **Ask your instructor a question** link.

Note: If you are an instructor, the Ask your instructor a question help link is not available to you.

Send Message

Which course is this question about?
Message will be sent to all the Teachers / TA's in the course.

*

US History 101

Message*

Send Message

Select the relevant course in the drop-down menu [1] and type your message in the description field [2]. When you're done, click the **Send Message** button [3].

Search Canvas Guides

Help

[Ask Your Instructor a Question](#)
Questions are submitted to your instructor

[Search the Canvas Guides](#)
Find answers to common questions

[Report a Problem](#)
If Canvas misbehaves, tell us about it

[Ask the Community](#)
Get help from a Canvas expert

[Request a Feature](#)
Have an idea to improve Canvas?

To find an answer to a question about a Canvas feature, click the **Search Canvas Guides** link. This link will take you to [Canvas Guides](#) where you can search Canvas documentation for information about features inside of Canvas.

Report a Problem

The screenshot shows a 'Help' dropdown menu with a close button (X) in the top right corner. The menu contains five items:

- Ask Your Instructor a Question**
Questions are submitted to your instructor
- Search the Canvas Guides**
Find answers to common questions
- Report a Problem**
If Canvas misbehaves, tell us about it (This item is highlighted with a blue background)
- Ask the Community**
Get help from a Canvas expert
- Request a Feature**
Have an idea to improve Canvas?

To report a problem with Canvas, click the **Report a Problem** link.

Note: Before reporting a problem with Canvas, please Ask the [Canvas Community](#) or search the [Canvas Guides](#) for help.

Submit Ticket

File a ticket for a personal response from our support team

For an instant answer:
See if your issue is addressed in the **Canvas Guides**.

Subject

1

Description

Include a link to a screencast/screenshot using something like [Jing](#).

2

How is this affecting you?

Please select one... 3

Submit Ticket 4

In the subject field [1], create a subject for your ticket.

In the description field [2], describe the problem you are experiencing in Canvas. Please be as detailed as possible to help troubleshoot the problem.

In the drop-down menu [3], select the statement that best describes how the problem is affecting you:

- Just a casual question, comment, idea, suggestion
- I need some help but it's not urgent
- Something's broken but I can work around it for now
- I can't get things done until I hear back from you
- EXTREMELY CRITICAL EMERGENCY

When you're done, click the **Submit Ticket** button [4].

Ask the Community

A screenshot of the Canvas Help menu. The menu is titled "Help" and has a close button (X) in the top right corner. It contains five items:

- Ask Your Instructor a Question**
Questions are submitted to your instructor
- Search the Canvas Guides**
Find answers to common questions
- Report a Problem**
If Canvas misbehaves, tell us about it
- Ask the Community**
Get help from a Canvas expert (This item is highlighted with a blue background)
- Request a Feature**
Have an idea to improve Canvas?

To ask a question or get feedback about Canvas from a community of experts, click the **Ask the Community** link. This link will take to you the [Canvas Coach Q&A Site](#) and allow you to ask questions and get feedback from Canvas users like you.

Request a Feature

A screenshot of the Canvas Help menu. The menu is titled "Help" and has a close button (X) in the top right corner. It contains five items:

- Ask Your Instructor a Question**
Questions are submitted to your instructor
- Search the Canvas Guides**
Find answers to common questions
- Report a Problem**
If Canvas misbehaves, tell us about it
- Ask the Community**
Get help from a Canvas expert
- Request a Feature**
Have an idea to improve Canvas? (This item is highlighted with a blue background)

Click the **Request a Feature** link. You can submit your ideas about how to make Canvas even better by clicking on this link or by visiting the [Feature Request Categories](#).
